NUMBER 44

Victory Loan Passes 400 Million Wednesday

The following wire was received at 10:30 a.m. Thursday morning, giving late information on Canada's Second Victory Loan campaign. The telegram came from the office of the Dominion Publicity Committee in Ottawa, and reads:

"Canada's second Victory Loan shot past the \$100,000,000 mark late this week with a total of 435,000 subscriptions for \$425,000,000 at the close of business Wednesday.

A large number of heavy subscriptions Thursday included those of Manufacturer's Life Insurance Co. for \$7,500,000, General Motors of Canada for \$3,500,000 including \$1,000,000 from its subsidiary McKinnon Industries Ltd. St. Catharines, and Chrysler Corporation for \$1,000,000."

Locally up to Wednesday evening, Raymond and district reported sales totalling \$50,400 and some of the territory has not as yet reported. Bad roads and cold weather have made it impossible for some canvassers to cover their district at all. We should at least go 50 p.c. over our quota before canvassing is finished.

High School Scholarship

To encourage students, and possibly serve as a starter for additional sums or other scholarships, the local Lions Club is offering a \$25.00 scholarship this year for the graduating student from the Raymond High School with the best school record.

The details of the scholarship have not been worked out yet, but the Club wants to encourage good students to do their very best, and the judging will be based on not only the marks of the year, but also on the student's attitude toward the school and his or her conduct, and other questions of school attendance. More details later.

AGRICULTURAL MEETING

An agricultural meeting will be held next Wednesday afternoon at 2 p.m., March 4th, in the TOWN HALL, when a government official on egg grading is to be heard on this question; a demonstration on candling will also be given. The public is invited to this meeting.

If you don't tell us, how do you expect us to know who has visited you, where you are going? A phone call doesn't cost any thing and we would surely like the personal and social items.

DR. CHRISTIE PROMOTED

Dr. V. V. Christie, old-timer of Southern Alberta & Government Veterinarian has received a nice promotion to Chief Inspector for Alberta with offices in Calgary and after March 1, will make his home in Calgary. Dr. Christie is well-known to all stockmen and is liked by everyone. He says the hardest thing about his move is losing the companionship of the friends he has made during the past 35 years in Southern Alberta.

We congratulate the Doctor on his promotion and from our acquaintance with him during all these years, we are sure it is well earned.

NEWS NOTES

Mrs. Marlin Allred has left for Vulcan to spend two weeks with her daughter Thelma, Mrs. Alfred Peacock who has a new daughter.

Mr. and Mrs. Milford Allred entertained at a dinner party Wednesday in honor of the 39th Wedding Anniversary of Mr. and Mrs. Marlin Allred. Places were set for sixteen.

Church attendances in the wards here Sunday were small. Conference in Magrath took quite a number, and cold weather and bumpy cars kept many home.

Mr. Potts, official administrator of the enlarged Municipality pending the election of the new Council and its organization, was here Monday for a little while.

Mrs. Phoebe Dahl and her Sunday School class held a very enjoyable party in the 2nd Ward Social Hall Monday night and spent the time in games, singing and refreshments.

Thurston Smith and LeGrande Piegrass, both of the R.C.A.F. are home on leave from the Service Schools at Regina and Yorkton respectively. The boys are looking fine.

O. H. Snow, who has been unwell for the past two months is recovering but is still confined to the house. Arthritis in the neck and left shoulder wrought on an attack of shingles which were decidedly unpleasant. He is making steady progress now and we are very glad to report this.

If this is winter's last kick, as our contemporary the Herald suggested last week it is certainly giving a good kick. Monday morning at 8 a.m. the thermometer stood at 23 below after a nose dive to greet the sun. Tuesday it was nine below and Wednesday morning it stood at 11 below. And we thought we were going to have a winterless winter. Oh well, its nice to have the spring coming anyway.

The snow storms and the cold weather have combined to make travel a big question. With the snow and ice preceding the latter storm and roads so slick, and the nature of the top snow, a person is just stuck if he happens to get off a hard track. You will hear car and truck engines roar away on level ground in two or three inches of snow. We hope it warms enough soon to at least pack the snow so that vehicles can get some footing and pull a little.

C. E. Allred from Raymond, Albert Brandle and F. Zaugg of Stirling were in Sweet Grass on Monday and held the funeral there of August Helberg, an early settler of the Cardston and Raymond districts, and later of Sweet Grass, who died in the Shelby Hospital the end of the week. Burial was in the Coutts cemetery after services in the Methodist Church in Sweet Grass, the services conducted by Havelock Smith who is in charge of L.D.S. activities in the Coutts branch. Old-timers here and in Cardston will remember the Helberg family. They homesteaded in the Beazer district at the turn of the century.

Quarterly Conference Convenes

The regular Quarterly Conference of the Taylor Stake of Zion was held Saturday and Sunday last with Elder Nicholas G. Smith, one of the assistants to the Quorum of the Twelve present representing the General Authorities.

Two meetings were held Saturday afternoon, the first with the Stake Presidency, the second with the High Council and Quorum Presidents. At 7:30 Saturday evening the First Public meeting of the Conference convened when all officers of Priesthood Quorums were in attendance. Reports were given of past activities, and questions were asked regarding statistical matters of attendance, activity and general feeling of Priesthood members throughout the Stake.

At the Saturday night meeting the following persons talked to assigned subjects: Stephen Wood on "Evils of Cigarette Smoking," Keith McBride "Alcohol and Its Effects," Principal L. H. Jacobs "High School Students and Moral Problems," Elder Smith took for his topic "Morality Inspires Fearlessness."

SUNDAY MORNING

At 10:30 Sunday morning the meeting convened in Magrath. Due to cold weather, bad roads and some sickness the meeting was not very large. Elder Ferris Zaugg spoke on Missionary experiences. Pres. E. P. Tanner, of the 150th Quorum of Seventy on Accomplishments of Joseph Smith the Prophet. Elder John L. Allen bore his testimony and spoke of Missionary Experiences. Stake President T. Geo. Wood talked to the Bishops of their Responsibilities in the Present Time. Elder N. G. Smith spoke on the "Reactions of the Gospel in a Person's Life Always the Same."

At this meeting the Magrath

Male Chorus directed by J. O. Bridge with Miss Grace Bingham at the piano rendered three numbers, and L. B. Tanner sang a solo.

SUNDAY AFTERNOON

The General Church and Stake Authorities were presented by Stake Clerk I. Bliss Roberts and were all sustained unanimously.

Elder A. J. Garner bore his testimony. Elder Douglas Barker bore his testimony and spoke on the Book of Mormon. Elder H. F. Allen of the Stake Presidency urged all to be patriotic and support the Government in every call and spoke of the "Land of Hope and Glory" in which we live. Elder Melvin T. King, also of the Stake Presidency spoke briefly urging a closer application in our lives of the principles of the Gospel and bore his testimony. Mrs. Beatrice J. Barker and Elder Orson Daines who had both served in the Mission Field under President Nicholas G. Smith bore their testimonies and praised the work of Elder Smith in the field. Elder Grant Woolley gave a very inspirational talk on "The Value of a Clean Life."

Elder Smith was the concluding speaker and spoke of some of his many and varied experiences as a Bishop, and Elder and Mission President, having spent many, many years in the Mission Field in various parts of the earth.

SUNDAY EVENING

The Stake Mutual officers, with John L. Allen, Superintendent of the Y. M. M. I. A. had charge of the evening meeting which was very interesting and fairly well attended considering the weather. Elder Alvin Bullock of Welling and Elder Smith were the main speakers at this meeting. The M.I.A. Chorus furnished the singing for this session.

Stirling Ward Choir Musical Programme

The Stirling Ward Choir presented a most enjoyable Chautauqua at the 2nd Ward Hall when their musical program of about an hour and a half's duration was listened to by an audience that filled the recreation hall to the doors, the balcony also being well filled.

The first part of the evening was featured by selections from some of the well known and universally liked Operas, with the ladies in evening gowns and the men in dark suits, with white shirts and black bow ties. The second part was a summer scene and opened with "Swing Me in the Moonlight," and during this oration were popular old-time songs, and "Kentucky Babe" as a ladies trio which was exceptionally fine. In this scene hoop skirts for the ladies, and flowing black ties, heavy mustaches, and Prince Albert coats worn by the men were a feature. The closing scene was an island scene with the stage very well decorated and the girls dressed in island garb and singing island music while a reading was given, and the boys in sailor garb for the time they were on the stage.

The directing, accompanying stage settings, costumes and lighting were very commendable

Everyone enjoyed the evening and to the people of Stirling we say "thank you" for a very enjoyable evening. The thirty-five singers taking part from a ward the size of Stirling is outstanding and they are to be congratulated for the very fine work done.

Stake Gold And Green Ball

Despite the adverse weather, the Taylor Stake Gold and Green Ball was held Friday night last February 20th, and was well attended, all wards of the Stake being represented in good numbers.

Miss Mildred McBride of the Raymond 1st Ward was Queen of the Ball and was supported by the Queens of the other four wards present. Because of illness Welling's queen was unable to attend. Melvin T. King of the Stake Presidency, who has charge of Mutual activities, crowned the Queen in a fitting ceremony.

Music for the evening was furnished by Roi Stone and his orchestra and everyone had a very enjoyable evening and greatly enjoyed the fine music of the local boys.

Annual Meeting Of Municipal District

ROTARY NOTES

Inspector A. Evanson of the Cardston Club and H. J. Fromm home on leave from the Lethbridge B & G School were visitors at the Rotary meeting Monday. A talk on "What Lies Ahead for Rotary" was given under the direction of the International Service Committee. Monday was a 100 p.c. meeting, one of the few that every Club manages to hold.

Congratulations to the Cardston Rotary Club. They topped the list of the entire district from the Great Lakes to the mountains in attendance last month, with one 100 p.c. meeting. Good work Cardston.

Next Monday, regular Rotary meeting here will be postponed and the local Club will journey to Lethbridge, we hope 100 p.c., with the ladies to meet with the Lethbridge Club and to listen to a talk by International President Tom Davis. This will be a real opportunity for Southern Albertans to meet with the "big chief" of Rotary and it is hoped that every member will make a special effort to attend. The luncheon begins at 7 p.m. sharp. Don't be late. Shirley is in charge of transportation for the local Club. See him about how you get there.

Cheese Factory Here Likely

Nothing definite has been announced, but from recent communications, it appears almost certain that Raymond will get the Cheese Factory that local men have been working on for some months past. Several things are definite three different sites have been promised absolutely free. Five hundred cows have been signed for and there have been numerous men offer labor on the movement as soon as a start is made.

In a recent communication from the Government they proffered half the cash for the complete installation when a company is formed and we are ready to proceed. Details of this offer are awaited now. Estimated cost is around \$8,000 complete.

It is also proposed to include an egg grading station in the building so that local poultrymen will not have to either ship their eggs or dispose of them by private sale as has been the case. There is no question about the value of egg grading, but when shipping is necessary producers meet a very discouraging situation. A station here may help to maintain egg production at least where it is now.

NEWS NOTES

Jas. H. Walker M.L.A. was home over the week-end and returned Monday to his duties in the Legislature.

Lee Brewerton was in Lethbridge Saturday looking after the Bowldrome there while it's manager was in Calgary on a business trip.

I. B. Roberts, Her. Jensen, Harry Fairbanks and other local beet growers were in Lethbridge Wednesday to the annual meeting of the Southern Alberta Beet Growers' Association. Important business was discussed regarding the future of beet raising.

The Annual meeting of M.D. No. 37 was held last Saturday afternoon at the Town Hall and was largely attended. The centre of interest was not so much the annual reports of the old District No. 37, as it was the Nominations for general elections in the new and enlarged district No. 137, which will go south to the International Boundary and west the other side of Magrath, with a small corner of six section extending to a line five miles west of the section in which Magrath is situated.

The annual reports of M.D. 37 showed a successful year, with considerable road work done, and special mention was made of the road between here and Craddock being built up and gravelled and also of the other travelling throughout the town and district which should result in a great improvement in roads during the spring and summer.

Nomination time was announced with Geo. E. Court as Returning Officer, and E.A. Potts as Official Administrator of the enlarged district present on behalf of the Department of Municipal Affairs. Nominations were made as follows:

In Division No. 1, J. S. Henry was elected by acclamation. This district includes two rows of townships north and south from the International Boundary.

In Division No. 2, which lies south and west of Raymond, J. D. Brown, Raymond, and R. M. Matson, Magrath were nominated. They are both present members of the Council of Sugar City and election will be held between these two.

In Division No. 3 which lies south and east of Raymond, H. Reuben Snow, Alonzo Nelson and Pete, Coppietress were nominated, but the latter withdrew leaving an election between Snow and Nelson, both present members of the Sugar City Council.

In Division No. 4, in which Raymond is located and which goes west including Welling, there were three nominations, viz: N. W. Petersen, present member and Reeve of No. 37, W. Parley Meldrum and H. Myron Holmes. Because of his duties as Chairman of the Raymond School Board and other responsibilities, Mr. Holmes with the consent of the men who nominated him, withdrew from the contest, and left it to Petersen and Meldrum.

In Division No. 5, which lies west of Magrath and is a new division, Andrew Peterson and George Dudley are nominated.

Voting will take place tomorrow throughout the district, and every voter will have a chance this time to vote for every man on the ticket. Geo. E. Court, as Returning Officer has all supplies in the hands of his deputies, and a large and representative vote is expected. The Department of Municipal Affairs is setting up a smaller number of larger districts, in the belief that administration costs will be lessened. This question has been the subject of a great deal of debate, but the larger district idea is going ahead, and divisions have been made on an estimated equality of population and assessment. Thus some districts contain several townships and others only a township, or a township and a half, depending on these things.

Paul Moreland of New Dayton was Chairman of the Annual meeting.

C. R. Wing and H. S. Allen and A. H. Zabriskie were Lethbridge visitors Saturday.

Buy Victory Loan Bonds. Hasten Victory

The Raymond Recorder

and district

S. I. MAY Editor.

YOU CAN, IF YOU WILL

In six days Raymond's Victory Loan was pushed over the top. We are glad that our committee is keeping right on working to increase the amount to equal the coverage of the last loan. Every extra bond means an extra thrust at the enemy.

Now, Mr. John Caruek, if you haven't bought yet, don't give up the idea. Because of the co-operation of our banks and our Treasury branches, if you have the prospect of fifty dollars or a hundred dollars within the next six months, you can get a bond and your interest will only be three per cent during the time

bond loan is unpaid. Can't ask for anything better? Or you can buy the bonds on the monthly payment plan by putting \$1.00 on the line you are able to get a \$50 bond and then you can clean up the balance in five monthly installments. Don't say no until you think these things over.

We should cherish our freedom. We are living in the best country on earth and we want to keep it the best. Some people seem to think that buying a bond is a question of support or lack of support of the Government or party or that if they disagree with the present money system they should not buy bonds. We may differ all we please, and we do, but that difference should only spur on our urge to support this loan. Why? So that we can continue to have our varied opinions and thoughts and not be put in the kink because we don't have them. Come on Canada. Buy the New Victory Bonds.

How did the German battleships succeed in running the gauntlet of Dover Straits? Everyone would like the answer to that one. Fog, storm, clouds and

KING MOTORS

all the rest seemed to favor them, and yet it was BAD news indeed to hear that after all the air raids on Brest, these ships should still get out and make Heligoland under the very nose of the coast fortifications, and under attack from our planes.

The Magrath United Church presented "The Improper Henry Propper" to a small but appreciative audience in the Stake House Wednesday evening. The cold weather accounted for the small crowd.

Snow is reported eighteen inches deep on the ridge and in the fields around Magrath with less here and also in the Cardston district. Wouldn't a good drifting wind make roads interesting for a few days?

STOP THIS MENACE

THE MENACE of a hateful way of life casts its shadow across our homes. Victory Bonds will raise up a shield against it.

So buy Victory Bonds to the limit. We cannot be half-hearted while this danger threatens our very shores. Let us go full out now and give such vigor to our country's effort as to speed the day of victory.

This is the *least* we can do—to lend our money for our country's defence. Buy a share in victory today—buy Victory Bonds.

HOW TO BUY—Give your order to the Victory Loan salesman who calls on you. Or place it in the hands of any branch of any bank, or give it to any trust company. Or send it to your local Victory Loan Headquarters. Or you can authorize your employer to start a regular payroll savings plan for you. Bonds may be bought in denominations of \$50, \$100, \$500, \$1,000, and larger. Salesman, bank, trust company or your local Victory Loan Headquarters will be glad to give you every assistance in making out your order form.

Come On Canada!

THE WORLD IN FLAMES

The war picture changes so fast one can't keep up with it. Fighting of one kind and another is taking place nearly all over the world, and even our own west coast at Los Angeles has received a visit from an enemy submarine. This attack had all the marks of fifth columnist activity. One wonders whether or not he can trust his own neighbor.

Russia is keeping the Nazis in full retreat, and despite all of Hitler's good excuses it looks like his supermen have met more than their match. Java, Burma and other strategic points in the Far East are seriously threatened and our own supplies are being rubbed there as rapidly as possible. Gen. MacArthur and his men are continuing their

gallant stand in the Philippines against great odds and heroes are being made every hour even if it is in blood. Will help arrive in time.

We hope that Russia can and will continue her assault upon the Nazi machine in that section. At the moment things are quiet in Africa, but something will break there before long. Nazi forces are poor at playing a waiting game. The United Nations strength continues to grow every day but it is a matter of time with us. While the situation is dark, it is not hopeless, and good Britishers should keep their chins up and their spirits up, and look for the day when the might of three-quarters of the world's population will be turned loose upon these ruthless killers who have had such an inning now because we trusted them as friends and gave them ten years to prepare. There's always a tomorrow.

Children Of The Dominion

Children of the Dominion,
Who are ten million strong;
Fight on through every hardship,
The strife will not be long.

Till peace and freedom rule the earth,
And "Justice" is the King; ?
We'll never falter in our stride,
Till the "Victor's Song" we sing.

We have no fear of battle,
Our hearts are brave and true;
We'll carry on till the storm has passed,
And skies again are blue.

Our freedom here is priceless,
And our joys here know no bound;
Here we have a pleasant life,
With good friends all around.

But over across the waters,
They know no peace nor hope;
And in hate's heavy blackness—
Their hands do blindly grope.

But this will at last be over,
And peace will rule the earth;
So we should pledge our loyalty,
To Canada, Land of our Birth.

— John MacPhee.

SEEDTIME HARVEST
By Dr. K. W. Neathby
Director, Agricultural Department
North-West Line Elevators Association
Seed Growers and Cereals
Twenty-eight varieties of wheat, oats, barley and flax are officially recommended in various parts of the prairie provinces. Eight of these are wheat, seven are oats, ten are barley, and three are flax.
The production of rust resistant varieties of wheat and oats, smooth awned barleys and wilt resistant flax varieties has done wonders in reducing the risks and hazards of cereal crop production. Six of the eight recommended varieties of wheat have been introduced within the last ten years. Two of the recommended oat varieties, six of barley, and all three flax varieties are similarly new.
For this achievement, plant breeders deserve all the credit they get, and more. But we are prone to forget an essential link between plant breeders and commercial producers; namely, the seed growers. Suppose we did not have the Canadian Seed Growers' Association and its provincial branches. Suppose, further, that the Dominion Government did not provide a field and seed inspection service through its Plant Products Division. Plant breeders could still develop new varieties and distribute them to farmers; but they would deteriorate so fast, largely through mixing, that our commercial crops would be a mess.
Seed growers are providing an absolutely essential service in maintaining supplies of pedigreed seed stocks, and they are doing a wonderful job for a very small material reward. If we are to maintain high standards of quality, this link between plant breeders and grain growers must not be weakened. Registered seed pays good dividends, particularly to the commercial grain grower. The seed grower's chief reward is pride in a job well done.

Quarterly Conference was held in Lethbridge Saturday and Sunday with Elder Nicholas G. Smith representing the General authorities.

New or Additional COST OF LIVING BONUS Prohibited Without Permission

Order of National War Labour Board
to Employers and Employees:

An employer who was not paying his employees a cost of living bonus prior to February 15, 1942, may not start to pay such a bonus on or after that date, nor may an employer who has been paying such a bonus now increase it unless he has specific permission from a War Labour Board.

Whether in the future a bonus may be paid or changed in amount will depend on the National War Labour Board's announcement in May 1942, with respect to any change in the cost of living index between October 1941, and April 1942, unless in a particular case a War Labour Board has given specific permission to do otherwise.

By Order of the
National War Labour Board

Have you "done your bit" In recent estimates Alta. has 4.14 out of every hundred population in uniform for the country and stands fourth in the Dominion. In Church statistics presented by the M.I.A., the Taylor Stake percentage of young men in the service is 5 out of every hundred, which is above the Dominion average. We are glad to see these figures. Alberta quet of the Lethbridge Board and the Taylor Stake can be proud of the record thus far day night.

Alvin Jones and Jr E. Meeks were amongst those who attend ed the Annual Meeting and Ban- to see these figures. Alberta quet of the Lethbridge Board and the Taylor Stake can be proud of the record thus far day night.
